

OH SNAP!

That listing is not found. Perhaps it is no longer on the market.

RealtyZapp.com

Your comprehensive marketing partner for all property types, where searching and access to all listing is always completely free, where leveraging your social network brings greater results and where you are in full control of your listing data.

LATEST NEWS

RealtyZapp hits the Florida Market with enthusiastic thunder. So many firms have been looking for an alternative in marketing their listings, and agents appreciate a platform that integrates prospect management with branded e-mail campaigns and website management.

RealtyZapp makes data entry as easy or as detailed as subscribers prefer, with bulk upload and data fields that outline all of a property's pertinent data. And self-directed SEO helps drive visibility on the web.

RealtyZapp makes its official debut, reaching out to the real estate market with a value proposition that is well received by agents who have been waiting years to take back control of their marketing budgets and data.
