Bridgewater Commercial Real Estate, LLC is pleased to offer the business and real estate of Taylor Rental Center - Inverness, operating as a True Value Rental Center Franchisee. Citrus County is one of the fastest growing markets in Florida and this beautiful area is touted as the Gem of Florida's Nature Coast. A Citrus County Chronicle article dated June 14, 2019 quoted Carolyn Gosselin, Senior Vice President of Investor Relations at the Florida Chamber: "Currently, Citrus County has 148,000 people. By 2030, that population is expected to grow by another 28,000. The location provides great visibility with 300 ± feet of frontage on East Gulf to Lake Highway (State Road 44) and efficient drive-through ingress/egress from two streets.

This well maintained property has been family owned since 2003 and existed as an equipment rental store dating back to at least 1993. The property contains 1.10 ± acres of land with plenty of room for outdoor storage and customer parking. The 4,624 square-foot (SF) building contains 1,700 SF of retail showroom with a management office area, sales counter and restroom; 1,020 SF of finished air-conditioned warehouse with break room and restroom; and 1,904 SF of warehouse utilized for equipment storage and maintenance that is fitted with two grade level roll-up doors. A 432 SF carport attached to the west side of the building along with two storage sheds provide for additional equipment storage. The building was constructed with concrete block/brick and a metal roof. The owners and employees take great pride in keeping this property clean and organized!

The northern portion of the property from the southern edge of the maintenance shop northward is secured with chain link fencing and the building is further protected by eight monitored security cameras. An elevated pylon sign provides prominent advertising along East Gulf to Lake Highway.

True Value Rental of Inverness is located within a short driving distance of Tampa, St. Petersburg, Gainesville & Ocala. The Suncoast Parkway provides quick access to Tampa and is undergoing a 13 mile extension northward from US 98, where it will connect to Gulf to Lake Highway approximately 8.5 miles west of the property. Construction of the extension is anticipated for completion in 2022 with plans to extend the Parkway to Georgia and connect it to the Florida Turnpike. The Parkway extension is projected to result in even more area growth. Given that Citrus County is only 90 minutes from Tampa, the number of people who want to move here and commute to the big city should swell. When the Suncoast Parkway extension is complete, that commute will be even easier!
